Energy Supply Technical Work Group

Summary List of Recommended Priority Policy Options for Analysis

Draft Option #	Draft Policy Option Name	Straw Proposal Volunteers	Notes
ES-1	Promotion of renewable energy (zoning, siting, incentives for centralized facilities, long-terms contracting, performance-based contracting)	Misty Allen (convener) Eric Coffman John Quinn Debra Jacobson	<p><i>This is a priority option incorporating the following:</i></p> <ul style="list-style-type: none"> ▪ 2.3: Grid-based renewable energy incentives and/or barrier removal ▪ 2.6: Renewable energy development issues (zoning, siting, etc.) ▪ 2.8: Promote long-term contracts for renewable energy facilities ▪ 6.6: Performance contracts covering renewable energy
ES-2	Technology-focused initiatives for electricity supply (biomass co-firing, energy storage, fuel cells, landfill gas, clean energy incentives)	Ed Giugliano (convener) Tom Koch	<p><i>This is a priority option incorporating the following:</i></p> <ul style="list-style-type: none"> ▪ 2.7: Technology-focused initiatives (biomass co-firing, energy storage, fuel cells, etc.) ▪ 6.4: Landfill Gas Recovery (see also Waste), including offering an offset against other emissions
ES-3	GHG cap-and-trade	Brad Heavner (convener) Dick D'Amato John Quinn Debra Jacobson Eric Coffman Bill Cunningham	
ES-4	CCSR incentives, requirements and/or enabling policies (administration, regulation, liability, incentives)	Bill Cunningham (convener) Lise Van Susteren Ed Giugliano Dick D'Amato	

Draft Option #	Draft Policy Option Name	Straw Proposal Volunteers	Notes
ES-5	Clean Distributed Generation: standards, incentives and barrier removal for distributed generation, including combined heat and power (CHP), district heating and cooling, landfill gas, solar, fuel cells and other forms of renewable energy.	TBD	Had been tentatively proposed to be Michael Replogle. Unfortunately. Michael will not be able to work on this option given his time constraints
ES-6	Integrated resource planning (IRP) with or without re-regulation and/or state energy plan	Debra Jacobson (convener) Frank Heintz Misty Allen	
ES-7	Renewable and/or Environmental Portfolio Standard (e.g., add CHP and/or EE to RPS as additional tier) and/or Energy Efficiency Portfolio Standard	Brad Heavner (convener) Tom Koch Frank Heintz Bill Cunningham	
ES-8	Efficiency improvements and repowering existing plants	TBD	This option is still available.
ES-9	Carbon (GHG) tax	Bill Cunningham (convener) Liz Martin	
ES-10	Generation performance standards and/or mitigation requirements for electricity	Liz Martin (convener) Brad Heavner Misty Allen
